I just wanted to give a huge thanks to the Nite of Lites tradition that has kept going. I am 24 years old and remember my parents taking me and my two sisters every year to look at your display; I now take my four-year-old daughter and she loves it. Not many people decorate nowadays so it is appreciated to the ones that do.

Again thank you and keep it going; we will be there every year (a few times each year) to enjoy the time, dedication and love put into the decorations and lights. May God Bless you ALL and have a Merry Christmas!
